

Angelo Muto
Parva Consulting

Laureato con lode in Economia Aziendale e Management all'Università Federico II (2009), inizia la propria carriera come consulente partecipando a progetti di business process improvement in aree come processo del credito e gestione degli NPLs presso banche retails di media dimensione.

Nel 2014 entra in Parva e si specializza nei Securities Services, ambito in cui prende parte a progetti di adeguamento normativo e onboarding di clienti presso banche global custodians.

A partire dal 2015, quale membro del team di Project management, supporta l'implementazione per l'Italia della Wave 1 della piattaforma T2S presso una banca Global Custodian. Successivamente, prosegue il progetto T2S a Francoforte sul Meno quale co-Project Manager per la Wave 4 (Germania e Austria) e a Madrid per la T2S Final Wave (Spagna) fino a settembre 2017.

Ha condotto ricerche su Instant Payments e DLT così come approfondito gli impatti di normative quali MiFID II e PSD2. Parla correntemente Francese e Spagnolo, oltre all'Inglese, ed è certificato Project Management Professional (PMP).

English:

He graduates cum laude in Economics and Business Administration at Università Federico II (2009). His career in consultancy starts at medium-sized retail banks in business process improvement projects in areas like credit management and NPLs management.

He joins Parva in 2014, focusing on Securities Services industry and participating in projects on regulatory and compliance adaptations and client onboarding for Global custodian banks.

Since 2015, in the project management team, he supports a leading global custodian in the implementation of T2S in Italy for Wave 1. Afterwards, he moves to Frankfurt am Main to continue his journey in T2S as co-Project Manager for W4 (Germany and Austria) and in Madrid for T2S Final Wave (Spain) until September 2017.

He carried out research on Instant Payments and DLT as well as deepened the impact of regulations such as MiFID II and PSD2. He is fully proficient in French and Spanish, in addition to English, and achieved the Project Management Professional (PMP) certification.
