DAVIDE FERRAZZI Senior Expert of Finance Department ABI

Davide is Senior Expert of Capital Markets & Private Equity at Finance Department of the Italian Banking Association (ABI) where he deals with origination, structuring, underwriting, placement of debt and equity securities issued by financials and corporates.

After having gained a law degree at Salerno University and a postgraduate diploma in banking at Università degli Studi di Roma "La Sapienza", Davide started to work in ABI at Credit Department dealing with medium term loans to SME (1986). In the Credit Department he have also launched the project finance practice, working with Public Works Ministry offices in setting up the first regulatory framework on public-private partnership, partecipating to an italian governative mission in UK on the Private Finance Initiative. Moreover he worked with Industry Ministry offices to promote the first italian power plants so called "CIP 6 Projects".

In the 2002 Davide joined Finance Department in ABI starting the capital market and private equity practices: he has worked among the other projects, to the launch of Mercato Alternativo del Capitale (MAC), later AIM Italia; he has dealt with the setting up of Italian Investment Fund, a leading italian private equity investor and he has also worked with Industry Ministry Offices to promote a regulatory framework supporting the debt issuances by not listed companies (private placement, minibond).

He is member of European Banking Federation (EBF) Business Finance Committee and partecipates to several international working groups of EBF focused on primary markets issues. He is also member of the Capital Markets Committee of ASSIOM Forex, the leading italian association of market specialists.

He has conducted several teaching experiences in academic field (Università Roma Tre - Economics Department) and other training organizations

Is author of several publications on capital markets issues, and more recently, on the Senior Subordinated bond laid down in the recent BRRD reform.
