

oekom research AG is one of the world's leading rating agencies in the area of sustainable investment. Our research insights provide you with a competitive edge, allowing you to blend sustainable and responsible investment (SRI) with a high rate of return. Having started with oekom research as an analyst in 2006, Philipp was a team leader and research director from 2013 to 2016, in charge of one of oekom's four analyst teams. Since March 2016, Philipp Rühle has overseen the creation of and now leads oekom's "Research Services" team within oekom research. The team supports clients in their integration of oekom's ESG research and to ensure even closer content-related and technical cooperation with clients. Philipp is also leading the Green Bond team at oekom, which has been established in 2014. He holds a M.A. Political Science in Munich as well as a Master of Advanced European Studies in Basel, Switzerland.
